

**WEEKEND FAMILY WORKSHOP
ENROLLMENT APPLICATION
FOR KIDS AGES 7-12**

Kidpower is an innovative and effective program that teaches children how to detect and deter potential violence, bullying and abuse. The **Weekend Family Workshop** is our most comprehensive program with an emphasis on both physical and verbal safety and boundary setting skills. Children get the opportunity to learn full-force self-protection skills for realistic practice. Skills are taught in a safe, supportive environment to increase self-esteem and confidence in a way that is positive and enjoyable, not scary. Kidpower is endorsed by mental health professionals, law-enforcement officials, educators and parents.

The Weekend Family Workshop is designed for children ages 7 to 12 years old

Fees: Full tuition is \$250 per child and includes a Kidpower Guide for Parents and Teachers. Discounts of \$35 will be given if more than one child enrolls from the same family in the same class. Limited scholarships and payment plans may be available based on financial hardship. Payment by Visa, MasterCard and Discover is also available.

To Register: A \$100 **non-refundable deposit** must accompany the enrollment form below in order to reserve a place in the workshop. Please make checks payable to Kidpower. Spaces are reserved on a first-come, first-served basis. The \$100 deposit will also hold a place on the waiting list if the class is full, but will be refunded if a space in the class does not become available.

What happens on Friday of the workshop? From 6:30pm to 9:30pm, parents and other supportive adults come to learn how to support and practice the skills which will be taught to the children. At least one parent or guardian per child is required to attend this training. As many adults as desired from a child's life are welcome to participate for no extra cost. Children **DO NOT** attend this session of the workshop.

What happens on Saturday of the workshop? From 9:00am to 1:00pm, trainers work with the children, without parents present to introduce and practice the self-protection skills.

What happens on Sunday of the workshop? From 9:00am to 1:00pm, the children's training continues. From noon to 1:00pm, parents and other family members and friends, over the age of 13, have an opportunity to see what the children have learned during a special portion of the final class, their "graduation."

Please keep top part for your records. See next page for enrollment information.
